

NEW!

Resilient BURGER BUNS for any occasion

French Onion Cheeseburger
on an ACE® Brioche Bun

ACE® burger buns offer a high, golden crown which provides maximum visual appeal and commands a higher price on your menu. Our buns have a soft bite, a clean flavor, and are resilient enough to stand up to toppings and sauces — especially during delivery.

Anatomy of the ideal bun

CROWN RETAINS ITS DOMED SHAPE

SOFT BITE AND CLEAN FLAVOR

HEEL DOESN'T ABSORB EXCESS SAUCES

ACE® Classic Burger Bun

GO AHEAD, SQUEEZE OUR BUNS — THEY'LL ALWAYS BOUNCE BACK!

Breakfast Vegetarian Sandwich on an
ACE® Black & White Sesame bun

60%

of consumers believe that the **type and quality of the burger bun** is very important when choosing a burger away from home.

Datassential SNAP, 2022

BETTER BURGERS BEGIN AT OUR BAKERY

We combine our simple ingredients, authentic starters, and slow fermentation to deliver a full line of artisan burger buns distinct in taste and texture!

Kale Caesar Turkey
Cheeseburger on an
ACE® Classic Burger Bun

Quality bread can greatly impact the eating experience — and it's more **cost-effective** vs. the cost to improve protein quality.

Your bun's resiliency is super important as off-premise orders represent **72% of total restaurant traffic.**

HANDLING INSTRUCTIONS

- Remove from freezer and thaw in the bag (laid on a flat surface with the crowns facing up) for 1-2 hours at room temperature
- Store thawed buns in the closed bag at room temperature (never in the fridge)
- For best results, use buns within 1-3 days of thawing
- Try buns grilled or toasted for a warm and slightly crispy bite

For more information, please visit ACEBakery.com/Foodservice or reach out to your Acxion™ Sales Representative.
